If the elector has provided the acceptable form of identification(s), the poll worker shall compare the information on the identification(s) with the information the elector announced. If the name on the identification(s) reasonably appears to be the same as the announced name, the poll worker shall compare the identification to the signature roster. If the name on the identification(s) does not reasonably appear to be the same as the announced name, the elector shall be provided a provisional ballot to be processed under the section of this procedure titled "Provisional Ballot for No Identification". The poll worker shall provide the elector with instructions on how and where the elector can provide proof of identification in the timeframes specified in this procedure.

Polling Place Process for Elector Whose Name Appears on the Signature Roster

If the elector presents one form of identification that bears the name, address, and photograph of the elector and the name and address on the identification and the signature roster reasonably appear to be the same and the photo reasonably appears to be the elector, then the elector shall be issued a regular ballot.

If the name and address on the identification do not reasonably appear to be the same as the name and address on the signature roster or the photo does not reasonably appear to be the elector, then the elector shall not be issued a regular ballot, but shall be issued a provisional ballot that will be verified in accordance with the section of the Procedures Manual entitled "Verification of Provisional Ballots".

If the elector presents two forms of identification that bear the name and address of the elector without a photograph of the elector, the poll worker shall compare the name and address on the two pieces of identification with the name and address on the signature roster. If both pieces of identification reasonably appear to be the same as the name and address on the signature roster the elector shall be issued a regular ballot. If the name or address on either piece of provided identification does not reasonably appear to be the same as the name and address on the signature roster then the elector shall not be issued a regular ballot, but shall be issued a provisional ballot that will be verified in accordance with the section of the Procedures Manual entitled "Verification of Provisional Ballots".

If the elector does not provide identification as required by A.R.S. § 16-579(A), the elector shall be issued a provisional ballot. The provisional ballot envelope shall indicate that the elector did not provide identification. The poll worker shall notify the elector that he or she must provide identification as required by A.R.S. § 16-579(A) to the county recorder or to an official deemed acceptable by the county recorder. The poll worker shall provide the elector with instructions on how and where the elector can provide proof of identification. The proof of identification must be received by the county recorder's office by 5:00 p.m. on the fifth business day after a general election that includes an election for a federal office or 5:00 p.m. on the third business day after any other election for the provisional ballot to be processed and counted.

Polling Place Process for Elector Whose Name Does Not Appear on the Signature Roster

If the poll worker is unable to locate the elector's name on the signature roster after the elector presents one form of identification that bears the name, address, and photograph of the elector or two different forms of identification that bear the name and address of the elector, the elector shall be permitted to vote a provisional ballot that will be verified in accordance with the section of the Procedures Manual entitled "Verification of Provisional Ballots". [A.R.S. §§ 16-135(B), -137, and 584(C)].

Addresses on the Signature Roster

The official signature rosters for use at the polling places shall include the elector's residence address and the mailing address, if different from the residence address, from the elector's registration form as prescribed by A.R.S. § 16-152(A). Identification as set forth in this procedure that bears the mailing address of the elector is sufficient identification if the name and address reasonably appear to be the same as the elector's name and address contained in the signature roster or recorder's certificate.
