Apache County Emergency Operations Plan Updated

(Saint Johns, AZ) For the past several months, Apache County Emergency Management and local partners have been painstakingly updating the Apache County Emergency Operations Plan. This plan is vital to the safety of all Apache County residents and visitors, as it provides direction and guidance to county departments and outside supporting agencies in the event of an emergency or natural disaster.

A draft of the updated Apache County Emergency Operations Plan can be viewed on the main Apache County webpage (<http://www.co.apache.az.us>), as well as the Apache County Emergency Management webpage (<http://www.co.apache.az.us/emergency-management/>).

The Apache County Board of Supervisors is expected to review the draft of the updated Apache County Emergency Operations Plan during the Apache County Board of Supervisors meeting on October 17, 2017. Members of the public are welcome to attend this meeting and address any questions or concerns they may have regarding the updated plan.
