

	<p style="text-align: center;">APACHE COUNTY MANAGER ADMINISTRATIVE POLICIES</p>	
	<p style="text-align: center;"><b>Apache County Wi-Fi Use</b></p>	<p style="text-align: center;">Adopted/Revised 6/3/2014</p>

Policy

The purpose of this policy is to set forth the proper use and management of County resources. Specifically, County Wi-Fi bandwidth.

Use of County Wi-Fi

Apache County has installed a wireless network (Wi-Fi) in certain County buildings. Use of such Wi-Fi is to be restricted to County employees, contractors, and active vendors with which the County has established a business relationship. No other person or entity, including members of the public, may receive Wi-Fi password codes or otherwise use the County's wireless network.

Nothing in this policy shall apply to the use of the public of any library Wi-Fi network established specifically for use of the public and library patrons.
