Note - Apache County Vital Records cannot create or print delayed birth certificates for home births that have **not** been registered with the AZ State Vital Records office. We are happy to share information about how to register a delayed birth. For more information about how to Register a Delayed Birth Certificate for Native Americans born before 1970, go to: <http://azdhs.gov/licensing/vital-records/index.php>. Click on Register a Birth, then click on Register a Delayed Birth Certificate for Native Americans born before 1970.

Note - Apache County Vital Records can process birth certificate amendments for birth year 1997 to the present and death certificate amendments for death year 2009 to the present. All other amendments must be made by the State Office of Vital Records.

Money Orders and Credit/Debit cards accepted. No Cash.
